

SGMS Button Sconce Light

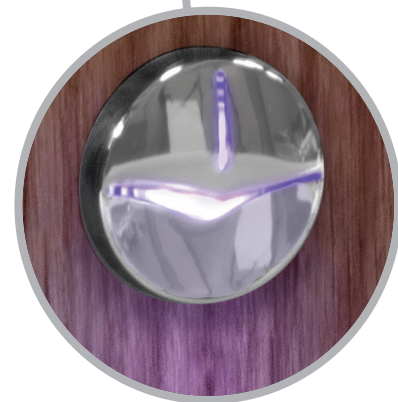

Waterway's new Button Sconce Light allows for easy Sure Grip Mounting System (SGMS) installation on the side of most spas. Its streamlined, low profile design prevents the damage that is common in bulkier sconce lights while providing an elegant touch to the spa exterior.

Features:

- Elegant circular sconce light
- Illuminates spa skirting
- SGMS mounting
- Works with most single LED points of light

Specifications:

- UV resistant polyester lens
- 316 stainless steel escutcheon
- 43/64" Hole saw size

Mounting
Made
Easy
