

Excellent choice for retrofit or replacement for XP2 or XP2e pumps. The Waterway EX2 offers 48 or 56-frame, single or dual speed models for unsurpassed performance! The EX2 is designed for larger spa installations and to meet the demand for more and more jets per pump.

Features:

- True continuous rated horsepower of 1.5, 2.0, 2.5 and 3.0 THP
- 48-frame or 56-frame, single or dual speed (energy saving)
- Use more jets per pump
- Same physical size as Aqua-Flo XP2, XP2e and can be used as a substitute or retrofitted (fits within the same volume envelope)
- Made from the highest quality materials with UL and CUL certifications
- Silicone carbide seals, Viton bellows, 316SS casing, corrosion resistance against chlorine, bromine & salt
- Equipped with high performance very quiet electrical motors, custom designed for spa application
