# Choose from 3 Different Micro Body Styles

## Micro Feature Components

Part #	Description
425-4030	3/8" SB Straight Adaptor
425-6000	3/8" SB Micro 90° Ell Adapter,
425-6038	3/8" SB Micro Venturi Jet Body, Same Side w/LED
670-2700	EPDM SGMS 1¼" Micro Jet/Thick Rope WF/Injector, Plastic, Wallfitting Assy.
670-2700S	EPDM SGMS 1¼" Micro Jet/Thick Rope WF/Injector, Metal, Wallfitting Assy.
670-2700-SI	Silicone SGMS 1¼" Micro Jet/Thick Rope WF/Injector, Plastic, Wallfitting Assy.
670-2700SI-S	Silicone SGMS 1¼" Micro Jet/Thick Rope WF/Injector, Metal, Wallfitting Assy.

### Specifications:

- Hole Saw Size: 43/64"

Note: Do not use a regular twist drill. You must use a carbide 43/64" hole saw or forstner bit for consistent hole saw sizes.

### Micro Jet

- Jet (With Venturi Adapter) = 1.25 GPM @ 3psi – 2.25 GPM @ 15psi

Note: Aspiration measured at 1 foot of depth

- Jet (No Venturi) = 2.75 GPM @ 3psi – 5 GPM @ 15psi
